## **Data of N-EXPO 2024 / GWPE 2024**

Number of exhibitors: 714

Number of booth: 2,065

*1 booth: 9sqm.*

**Opening hour: 10:00 to 17:00**

**(Re:10:00 to 16:00 on May 24, 2024)**

**Organizer:** Nippo Business Co., Ltd.  
“Deployment & Expansion of Environmental Business.”

**Endorsed by:** Ministry of the Environment, Ministry of Land, Infrastructure, Transport and Tourism, Ministry of Agriculture, Forestry and Fisheries, Ministry of Economy, Trade and Industry, Ministry of Education, Culture, Sports, Science and Technology, Tokyo Metropolitan Government, The Japan Chamber of Commerce and Industry, The Tokyo Chamber of Commerce and Industry, Japan Society of Material Cycles and Waste Management, German Chamber of Commerce and Industry in Japan, KOTRA (Korea Trade-Investment Promotion Agency), TAITRA (Taiwan External Trade Development Council)

**Sponserd by:** Japan Aluminum Can Recycling Association, Committee for beverage paper container recycling, Eco Stage Association, Vinyl Environmental Council, Association for electric home appliances, Paper Container Packaging Recycling Promotion Council, Glass Recycling Association, Ecological Life and Culture Organization, Kitakyushu Foundation for the Advancement of Industry, Science and Technology (FAIS), The Committee for the promotion of recycling of construction, National Land Afforestation Promotion Organization, Japan Environmental Management Association for Industry, Industrial Waste Information Foundation, Japan Portable Rechargeable Battery Recycling Center, Genki Net for Creating a Sustainable Society, Japan Federation of Housing Organizations, The Beverage Industry Environment Beautification Association, New Energy Foundation, New Energy and Industrial Technology Development Organization, Japan Steel Can Recycling Association, Japan Demolition Contractors Association, National Federation for Environmental Improvement Project Cooperative Association, National Federation of Industrial Waste Management, The All Japan Feed Recycling Network, Japan Waste Management Association, The National Federation of Recycling Education Center, National Federation of Timber Resources Recycling Association, Japan Automotive Recyclers Association, Japan Plastic Recycle Association, Cardboard Recycling Council, Research Institute of Innovative Technology for the Earth, Tokyo Industrial Waste Association, Geo-environmental Protection Center, Garbage Recycling Network Japan, Japan Soil Treatment Association, Japan Gas Association, Japan Environmental Facilities Manufacturers Association, Japan Environmental Sanitation Center, Japan Environment Association, Japan Association of Environment Preservation, Japan Construction Material & Housing Equipment Industries Federation, Japan Construction Equipment Manufacturers Association, Japan Federation of Construction Contractors, Japan Small Wind Turbines Association, Japan Recycle Corporation, The Japan Society of Industrial Machinery Manufacturers, The Japan Industrial Waste Information Center, Ecosystem Conservation Society Japan, Japan Iron and Steel Recycling Institute, Japan Waste Management Consultant Association, Japan PCB Total Disposal Association, Japan Wind Power Association, Japan Organics Recycling Association, The Japan Containers And Packaging Recycling Association, Japan Waste Research Foundation, Fukuoka Research Center for Recycling Systems, Plastic Waste Management Institute, Plastic Packaging Recycling Council, Council for PET Bottle Recycling, Japan Medical Wastes Research Association.

# Classified-Index

---

## Waste Recycling / Waste Disposal / Demolition

1. Crushing, Comminution, Bag Breaking
2. Sorter (Vibration, Wind Power, Magnetic intensity, Density)
3. Sorting Robots
4. Optical Sorter
5. Peeling Machines, Separator
6. Metal Removing Devices
7. Classification Sorter, Trommels
8. Treatment Machines For Unselected Scrap
9. Cutters, Hydraulic Cutters
10. Crushing Blades
11. Working Attachment For Construction Machinery
12. Crushers, Demolition Machines
13. Compaction, Compression, Packing, Baling Presses
14. Forming Machines, Molding Machines, Granulation Machines
15. Mixer, Stirring, Blenders
16. Car (Scrap) Vehicle Recycling
17. Metal Recovery, Recycling
18. Scrap Cable Recycling
19. Rare Metal Recovery, Recycling
20. Solar Panel Recycling
21. Waste Paper Recycling
22. Dioxin
23. Fly ash and Bottom ash Treatment
24. Waste Oil, Wasted acid, Wasted alkali Treatment
25. PCB Waste Treatment
26. Contaminated Soil Related(Treatment, Purification)
27. Measures of Gypsum Board
28. Measures of Freon
29. Analysis, Measurement, Investigation
30. Consulting
31. Environmental Measure (Noise, Vibration, Dust Control)
32. Medical Waste
33. Used Paper Diaper Recycling
34. Final Disposal Site
35. General Waste, Industrial Waste Disposal Companies
36. Recyclers
37. Collection & Transportation Companies
38. Construction Machinery
39. Hoses, Joints, Valves, Couplers
40. Industrial Machine Parts
41. NETIS Registration Technology
42. Construction Sludge and Soil Recycling Technology
43. Prefectural Government Certified Recycled Products/Green Procurement Compliant Products
44. Technologies for Demolition, Construction Recycling Systems

45. Demolition Method, Demolition Work
46. Separation Container for Demolition Site, Demolition Work Tools
47. work Clothes
48. Accident Prevention, Fire Prevention, Dust Prevention, Measures for Neighborhood, Working Environment Improvement, Health Management

## Measures for Asbestos

49. Asbestos Removal Companies
50. Asbestos Removal Technologies
51. Chemicals and Materials for Removing Asbestos
52. Screw Chipper For Asbestos
53. Negative Pressure Dust Collector
54. Asbestos Inspection, Measuring, Analysis Machinery
55. Asbestos Inspection Agency
56. Asbestos Preliminary Investigation System
57. Container For Asbestos
58. Protective Clothing, Masks

## Marine Plastic / Waste Plastic Measures

59. Measures against Marine Plastics
60. Treatment of Disposed Plastics and Recycling
61. New Plastic Materials, Alternative Materials
62. Separation Container for Demolition Site
63. Products used Recycled Materials
64. Collection Device, Feeder
65. Chemical Recycling, Material Recycling
66. Measures against Act on Promotion of Resource Circulation for Plastics

## Bioplastic / Packaging / Eco-Products

67. Bioplastic and Related Products, New Ecological Materials
68. Waterless Printing, Ecological Printing Machineries
69. Film and Pouches (Refill Containers, etc.), Plastic Containers (Bottles and Trays)
70. Molded Pulp Containers and Cushioning Materials
71. Ecological Cord, Strings, Tapes and Labels
72. Ecological Pallets, Cardboard Pallets
73. Environmental Sanitation Machineries, Test System
74. Wrapping Related Machineries
75. Plastic Material Recycling
76. Ecological Packaging Materials
77. Recycled Products, Eco Products

## Water Treatment / Water Purification

78. Water, Waste Water & Sludge Disposal Technology and Equipment
79. Chemical Agents (Adsorbents, Flocculation Agents, Water Treatment Chemicals, etc.)
80. Membranes, Filtering Technologies
81. Ultra-pure Water Making Apparatus
82. Washing Machine
83. Groundwater Contamination Inspection, Consulting
84. Waste Liquid Treatment Technologies and Equipment
85. Water Purification Equipment
86. Oil Separating Systems
87. Measuring Instruments

## Soil / Atmosphere / Environmental Improvement / Countermeasures for Infection

88. Contaminated Soil
89. Soil and Air Purification Technologies and Devices
90. Measurement, Analysis and Detection Equipment
91. Safety and Protection Supplies
92. Risk Management, Assessment, Information
93. Dust, Noise and Vibration Countermeasures
94. Dust Collection and Exhaust Gas Treatment
95. Vacuum Cleaners and Sweepers
96. Deodorization Devices (agents) and Biological Products
97. Atomizers
98. Adsorbents and Flocculation Agents
99. Filters, Bag Filters, Catalyst
100. Scrubbers and Washers
101. Organic Solvent Countermeasure Technology
102. Bird and Beast Damage Countermeasures
103. Air-condition Management
104. Cleanroom Facility (Depressurized Rooms, Medical Tents)
105. Plumbing, Waste Disposal
106. Protective Clothing
107. Linen Products
108. Disinfection Liquid, Antibacterial Products

## Biomass / Organic Waste Disposal

109. Garbage Disposal
110. Composting Plants
111. Fertilizer Production Plants
112. Animal Feed Production Plants
113. Pelletizers, Pellet Mill
114. Food Recycling
115. Biological Resources Recycling

### **Environmental Software / Scales / Measurement / Analysis**

116. Environmental Management Software
117. Waste Management Software
118. Manifest Management Software
119. Information Processing
120. Waste Measuring Systems, Truck Scale, Forklift Scale., Road Meter
121. Logistics Management Systems
122. Environmental Search Website
123. Environmental Consulting, Solution
124. Measurements and Analyses Related to Industrial Wastes, Hazardous Materials and the Work Environment
125. Measurements and Analyses Related to Noise and Odor Regulating Laws
126. Drone
127. Digital Transformation System

### **Collection / Distribution / Transportation / Safekeeping / Physical Distribution**

128. Collection, Transport Vehicles
129. Garbage Compactors
130. Crane Trucks
131. High-pressure Washing Vehicles
132. Suction Work Vehicles, Vacuum Trucks
133. Conveyers
134. Pallets
135. Transfer Machines
136. Container and Box
137. Flexible Container Bags
138. Logistics Systems, Waste Transport Systems
139. Waste Bags
140. Medical Waste Disposing Containers
141. Driver Safety Monitoring Systems
142. Drive Recorders, Back Monitors
143. Car Dispatch Systems
144. Software for Distribution Works
145. Vibration Reduction Systems
146. Collection, Transportation Companies
147. Car Wash Technologies
148. Puncture Prevention Measures

### **Thermal / Waste Power Generation / Heat Utilization**

149. Waste Heat Recovery Technologies
150. Incineration
151. Waste Heat (effective) Utilization
152. Waste Power Generation
153. Melting
154. Gasification
155. Pyrolyzer
156. Carbonizers, Dryers, Boilers
157. Stoves
158. Plastic Liquidation, Plastic-to-fuels
159. Solid Fuel Production
160. Exhaust Gas Disposal

### **Civil Engineering / Construction / Disaster Countermeasure**

161. Construction Companies
162. Land Improvement Materials(Roads, Water and Sewage)
163. Civil Engineering Materials
164. Construction Materials
165. Building and Construction Paint
166. Civil Engineering Technology
167. Machinery Facility Work Technology
168. Information Dissemination Technology
169. Construction Machinery, Tools, Items
170. Construction Consulting
171. NETIS Registration Technology
172. Disaster Waste Related Fields
173. Recovery and Reconstruction Measures and Related Fields
174. Shelter Living and Related Fields
175. Emergency, Business Continuity Plans

### **Autonomy**

176. Environmental Activities and Market Development Business of Local Governments

### **Affiliate Organizations / Academic Organizations**

177. Universities and Research Institutes
178. Companies' PR for Environmental Activities, CSR Activities
179. Industry-academia-government Collaboration
180. Overseas Environmental Exhibitions
181. Environmental Projects and Education, Forestation

### **N-EXPO Venture**

182. N-Expo Venture

### **N-EXPO Others**

183. N-Expo Others

### **Decarbonization / Carbon Neutral**

184. CO<sub>2</sub> Emissions and Emission Reduction Calculating Systems
185. Emission Credit Trading Support System
186. Carbon Offsets
187. CDM Consulting
188. Carbon Dioxide Capture, Storage, Utilization (CCS, CCUS)
189. Thinning Wood Products, Bamboo Products
190. SDGs Activities and Supports

### **Alternative Energy / Reproducing Energy**

191. Reusable Energy Introduction Support and Assistance Businesses (Mediation, Finance, Contractor, Engineering, etc.)
192. Solar Photovoltaic Generation
193. Solar Water Heater
194. Solar Street Lights

195. Small-scale Hydro Power
196. Geothermal Heat Utilization
197. Hydrothermal, Snow and Ice, Aerothermal Energy
198. Bioethanol
199. Biodiesel Fuel Related Fields
200. Wood Biomass Related Fields(Thinnings, Firewood, Charcoal, Pellet)
201. Wood Biomass Power Generation
202. Wood Pellet Stoves
203. Biogas Related Fields
204. Biogas Power Generation
205. Biomass Boilers
206. Biofuel
207. Smart Grid (Storage Battery, Smart Meter, BEMS/FEMS/HEMS, Smart House)
208. Hydrogen, Fuel Cells
209. Binary Power
210. Energy Management Systems
211. Electric Cars, Electric Motorcycles
212. Environmental Infrastructure

### **Power / Energy Saving Technology**

213. Energy Efficiency, Power-saving System Support Company (Mediation, Finance, Contractor, Engineering, etc.)
214. Energy Efficiency Diagnosis
215. Environmental Greening (Roof Greening, Wall-Surface Greening, Parking Area Greening, etc.)
216. Controls and Measures (Visual Control)
217. Air Conditioners, Heat Pumps
218. Lighting (LED etc.)
219. Water Saving Systems
220. Fuel Improvement Systems
221. Energy Saving Manufacturing
222. Energy Saving in General
223. Ecological Organizations
224. Waste Disposer, Recyclers

### **Intense Heat Countermeasures**

225. Paving Methods and Materials, Road Paving and Heat Island Countermeasures
226. Thermal Barriers, Thermal Insulations (Coating Materials, Sheet, Window Coating Agents, Window Films, Insulation Constructing Methods, Various Thermal Insulation Materials)
227. Cooling Mist
228. Wear with Fans, Cooling Clothing
229. Ceiling Fans
230. Heat Stroke Checker
231. Cooling Items
232. Fans
233. Cool Air Machines, Air Conditioning

### **GWPE Venture**

234. GWPE Venture

### **GWPE Others**

235. GWPE Others

**Waste Recycling / Waste Disposal / Demolition**

**1. Crushing, Comminution, Bag Breaking**

Next, when, where

Deployment & Expansion of Environmental Business

# N-EXPO 2025

The 34th New Environmental Exposition 2025

Promotion of Business for CO<sub>2</sub> Reduction, New Energy Utilization and Energy Saving

# GWPE 2025

The 17th Global Warming Prevention Exhibition 2025

The Largest Environmental Exhibition in Asia.

with *SDGs*

2025

May. **28**  
Wed.

May. **29**  
Thu.

May. **30**  
Fri.

Tokyo Big Sight

*Deliberately do not tell you, Mankind...  
(We're sure you know.)*

**N-EXPO Exhibits**

Waste disposal, recycling, demolition / Asbestos countermeasures / Water treatment, water purification / Soil, air pollution control / Work environment improvements, infection control measures / Biomass, organic waste disposal / Environmental software, measurement, analysis, scale / Collection, transport, delivery, storage, logistics / Confidential documents, security countermeasures / IT solutions / Thermal, waste power generation, heat recycling / Self-governing bodies, organizations, foundations / Environmental infrastructure, civil engineering and construction / Disaster control / Related organizations, academic institutions / Ocean plastic, waste plastic countermeasures / Bio-plastic / Packaging, eco-products / Environmentally-friendly materials

**GWPE Exhibits**

Global warming countermeasures, CO<sub>2</sub> reduction / New energy, renewable energy promotion / Energy saving, energy conservation countermeasures / Heat wave countermeasures
